Yes there are ok, but in you list it missing the follow as per D3140 Rev. D drawing for a complete set of spacedoor:

D3140-89 (2)
 D3140-92 (1)
 D3140-104 (1)

Check with David if we send D3140-09 and D3140-10 Double assembly already assembly by Dart or Delastek they do the assembly? All this part should call D3140-5/-6/-7/-8 ipp's doublers to send to Delastek.

Roberto

Roberto,

Hi,...hope all is fine.

Can you tell me if these doublers are in fact good to ship to Delastek for the spacedoors? And why are some of these not stock, and do not come up short ?? Now we have to make them...

Please advise asap

Thanks

Linda
